

ACCESSORIES for the glass industry

FEEDER SHEAR BLADES

Quality and efficiency for millions of glass cuts

Supplies shear blades for the glass industry. The Shear blades are offered under the Brand FAM Accessories. Standard models or customized are available for fast and slow gob feeders as well as for gathering robots.

The steel adopted is the result of several researches and tests, the hardness and surface porosity are balanced to offer a long life of the blades.

The precis manufacturing combined to the experience in sharpening, made the FAM shear blades reliable and successful product.

Sold in several countries and in production for different kind of glasses.

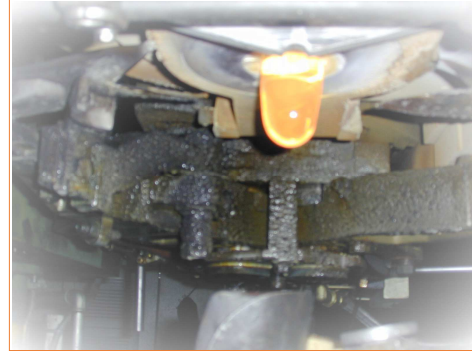

Cutting angle	85°
Cutting radius	5 mm
Cutting width	52 mm
Total width	65 mm
Total lenght	130 mm
Flat ground	45°
Other	With Rib

CODE: FA.MEW.DG.65-130-85°-R5

V series in HS6-5-2 hardness 62, for domestic, bottles and containers glass for high speed production in double, triple or four gob.

CODE: FA.MEW.DG.65-130-85°-R5 TCW
long life type HS18-0-1 hardness 68

Cutting angle	85°30'
Cutting radius	5 mm
Cutting width	90 mm
Total width	110 mm
Total lenght	156 mm
Flat ground	45°
Other	With Rib

CODE: FA.MEW.SG.110-156-85°-R5

V series in HS6-5-2 hardness 62, for domestic, optical, technical, bottles and containers glass ware production in single or double gob.

CODE: FA.MEW.SG.110-156-85°-R5 TCW
long life type HS18-0-1 hardness 68

Cutting angle	78°
Cutting radius	20 mm
Cutting width	90 mm
Total width	110 mm
Total lenght	156 mm
Flat ground	45°
Other	With Rib

CODE: FA.MEW.SG.110-156-78°-R20

U series in HS6-5-2 hardness 62, for domestic, optical, technical glass ware production in single gob.

CODE: FA.MEW.SG.110-156-78°-R20 TCW
long life type HS18-0-1 hardness 68
